

## SUBJECT IDEAS FOR LETTERS TO THE EDITOR

Concerned about protecting our water

Outside industry coming in and taking our resources

Pocahontas County as one of the last unspoiled places in the east

Impact on tourism—we are the Birthplace of Rivers!

When something goes wrong, pipeline companies declare bankruptcy & leave—do we have a disaster fund?

Protecting our heritage/legacy for our children

Need for citizen water monitoring

Need for citizen construction monitoring

Need for us to come together as a community around our natural resources—regardless of our politics or whether we support the ACP

The beauty of this place is something we all share—let's take care of it and each other

No long term local jobs

The ACP is a fracked-gas pipeline: first the pipeline, then fracking

The future of WV is renewables

More pipelines mean long term commitment to fossil fuels, which contribute to climate change—methane leakage especially serious

Eminent domain or private gain (and likely export) is an eroding of the Fifth Amendment on takings

Big corporations and their shareholders have undue influence on our democracy

Pipelines begin in the fracking fields, where the environmental, health and community damage is severe

Investment in clean renewable energy and energy conservation will bring more jobs and a more decentralized economy
